⚠️ WARNING: PHOTSENSITIVITY/EPILEPSY/SEIZURES

READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far away as possible from the television screen.
 - Avoid large screen televisions. Use the smallest television screen available.
 - Avoid prolonged use of the PlayStation®2 system. Take a 15-minute break during each hour of play.
 - Avoid playing when you are tired or need sleep.
-

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation®2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

HANDLING YOUR PLAYSTATION®2 FORMAT DISC:

- This disc is intended for use only with PlayStation®2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

DISNEY SING IT BASICS

Song Selection

Once you decide which kind of game you want to play, choose any song to start the show!

- Scroll through the music videos to see and hear a preview.
- Decide if you want to sing part of the song or the whole song and choose your difficulty level.
- In multiplayer modes, each singer chooses his or her own difficulty level and everyone can sing together.

Pitch Detection Bar

Follow along as the pitch bar and lyrics cross the screen to guide your tune. Keep the pitch indicator on the bars for the best performance! When there are two singers, player one is always at the bottom and pitch bars and lyrics are color-coded green for Player 1 and purple for Player 2.

Options

From the Options menu you can load or save your profile, adjust your microphone settings, view credits, adjust screen position or adjust widescreen settings.

Multipliers

Hit all the notes on one screen to earn double points. Sing three screens flawlessly to earn triple points and five screens for quadruple points! Missing a note will end your winning streak and you'll lose your multipliers.

QUICK PLAY

Time to sing! Select Quick Play at the main menu to go straight to singing.

- Choose Solo to start a solo performance, Versus to sing against a friend or Duet to sing cooperatively.
- Pick a song and difficulty level and click the button on the screen to start belting it out.

SINGLE PLAYER

In Single Player mode you can take singing lessons in *Sing It Pro* or test your skills in *You're on Your Own!* Be the star of your own live concert in *Gig Mode!*

Sing It Pro

Singing lessons are fun with your own personal voice coach. In *Sing It Pro* you can perfect your singing voice while practicing pitch, accuracy, breathing techniques and harmony.

- First listen to a portion of a song and sing it accurately to move on to the next song in the lesson. Get them both right and move on to the next lesson.
- Then use the skills you've learned to earn excellent scores in real challenges.
- Go back to *Sing It Pro* anytime to master songs or brush up on your skills.

You're on Your Own!

Are you up to the challenge? Choose a song you know well enough to sing without lyrics, score or pitch marks to guide you. Your score will be displayed at the end of the song.

Gig Mode

Put on a live concert!

- Create and arrange your own personal set list of up to five songs to perform. Rock it out!
- At the end of your gig your final score is averaged from all the songs you've played.

Gig Mode can also be selected from multiplayer options.

MULTIPLAYER

It's fun to play *Disney Sing it* with your friends. Sing together in a Duet, battle against each other in a Versus tournament, play together in Team Play or perform a concert in Gig Mode.

- When there are two singers, player one is always at the bottom and pitch bars and lyrics are color-coded green for Player 1 and purple for Player 2.
- Players choose their own individual difficulty level so everyone can play together.
- Some multiplayer options become available when two microphones are connected.

Duet / Versus

Sing any of the songs together in a Duet to create beautiful harmonies. Play against a friend in a Versus competition.

Team Play

Work together as a team singing Duets or competing in Versus tournaments.

- Choose a team name from the list and start singing.
- You can sing alone or as part of a duet. Up to eight players can join Team Play.
- Save team profiles to keep track of wins and scores and the team's *Most Valuable Player*.

Gig Mode

Time to put on a show! You and a friend can perform a concert together by singing a duet of up to five songs consecutively.

- Choose which songs you want to sing together.
- The player with the highest average score for all songs performed is *The Star of the Show*.

PERSONALIZE

From here you can choose your background theme and check out high scores.

Choose Theme

Customize the look of your game the way you prefer by choosing from seven themes, including *Disney High School Musical*, *Hannah Montana* and *Camp Rock*.

TIPS

Use *Quick Play* to get straight to singing! Create a Solo or Duet performance or enter into Versus mode with a friend.

Become a better singer or master a tough song in Single Player mode by taking personal singing lessons at *Sing It Pro* or by relaxing your vocal chords in *Warm Up* sessions.

After mastering a difficult song during your lessons at *Sing It Pro*, put your skills to the test in *You're on Your Own*!

Put on a live solo concert or perform a duet with a friend in *Gig Mode*! Design your own set list to sing up to five songs back-to-back!

NOTES

A sheet of white lined paper with horizontal ruling lines. The background features a faint, repeating pattern of the words "NAHA MUSICAL" and "TANACYP" in a light blue color, oriented diagonally. The pattern is subtle and serves as a watermark-like background for the paper.
