THE STORY

arzan has discovered his true place as protector and leader of the gorillas who raised him. Joined by Jane and Professor Porter, his jungle family lives and thrives happily in their tropical home.

But a new menace threatens Tarzan and his friends. A madly ambitious scientist named Oswald Gardner storms into the jungle with his legion of henchmen, tracking and trapping apes for confined scientific study. When he discovers Tarzan,

Gardner becomes determined to capture and study him, no matter what the cost.

To save his family from Gardner's vicious ambitions, Tarzan will have to call upon all of his speed, strength and agility. He will fly through the dense jungle canopy, leaping from tree to tree, swinging from vines and skidding along twisted, spiraling branches. He will surf

through whitewater rapids, lasso a powerful bird to water ski across dangerous swamps and even cliff dive down breathtaking vertical drops. Flying through the air, barreling through caverns or free falling through tangled branches, Tarzan must use all of his animal instincts, human intuition and jungle skills to heroically restore peace to his home.

THE GAME

STORY MODE

Main Goal

The story progresses through the game from level to level. You will visit 3 distinct worlds: a dense and happy jungle, a dank and muggy swamp, and finally the dark and ominous caverns that lead to the legendary Elephant Graveyard. Try to reach the end of the Jungle map safe and sound! Watch out! At the end of each world a boss fight awaits you.

There are secondary objectives that also must be completed, which include rescuing baby apes and collecting film reels.

Rescuing the Baby Apes

Gardner has ordered his henchmen to trap the baby apes in cages. It's up to Tarzan to rescue the captured baby apes before Gardner's men come to collect their prey. Rescuing all the baby apes will reward Tarzan with access to the Bungee Challenge level of each world.

Locating the Lost Film Reels

It seems Gardner's men have been clumsy, very clumsy. They've lost a few of their boss' precious film reels. Tarzan will need to collect as many film reels as possible if he's going to unravel the mystery behind these jungle invaders.

There are 8 film reels to find in each level as well as one per Bungee Level for a game total of 75. You will need to collect a total of 47 out of a possible 50 film reels in order to continue to the third world. If you find all 75 film reels you will be rewarded!

TERK'S CHALLENGE

Terk's first 2 Challenges are accessible as soon as that level is available in Story mode. Each level boasts its own set of Terk's Challenges to be completed. Beating Terk's high scores will reward you with new trick moves and new playable characters. Also, they allow you to not only test your skills, but to master them in the most challenging forum yet.

There are 3 Terk's Challenges per level:

Trick Score Challenge:

Collect more points than Terk by performing as many trick moves as you can.

Speed Challenge:

Complete the level as quickly as you can to beat Terk's record time. In Speed Challenge you must stop the clock by grinding as many branches as you can.

Super Challenge:

Think you are a Master? Show what you are made of by beating Terk's trick score and record time simultaneously!

THE CHARACTERS

As powerful as a gorilla yet agile as the swiftest monkey, Tarzan heroically protects his jungle family from both the dangers of the wild and intruders from the outside world. Confidently balanced between ape and man, Tarzan has found love in the arms of Jane, friendship in the animals around him and his place as defender of his jungle family.

Tarzan's best gorilla friend and adopted "big sister", Terk is a feisty tomboy with tons of attitude. She loves attention and has a wisecrack ready for any situation. She is always eager to help Tarzan, sometimes to the point of bossing him around "for his own protection". But when trouble arrives, she is not shy about letting Tarzan know she needs to be saved.

Tarzan's largest and strongest friend is also the most cowardly. Tantor is incredibly neurotic with an elephant-size case of hypochondria. Though laughably frightened of imagined injuries, when his friends are in trouble Tantor becomes the very picture of courage and valor.

Jane eagerly leapt from her proper Victorian upbringing into the excitement and danger of the jungle. With her intelligence, courage and unflagging sense of humor, she adapted quickly to her new surroundings, earning Tarzan's love and a firm place in his jungle family.

An eccentric scientist who studied gorillas for years before fortune granted him the chance to live among them, Porter is Jane's loving father. Endlessly enthusiastic and good-hearted, the professor's forgetfulness and bumbling antics cannot cover his scientific brilliance and aged wisdom.

Mr. Wolff", as Gardner condescendingly calls him, is a dim-witted mixture of childlike simplicity and murderous rage. He is a muscle-bound giant of a man, (especially in comparison to his dwarfish boss,) who has agreed to guide Gardner through the jungle in exchange for all the ivory he can collect along the way. He can be easily drawn into an animal-like fury, and is barely kept in check by the business end of Gardner's whip and the promise of a return to the asylum he came from.

A madly ambitious scientist, who, like Professor Porter, has been studying gorillas and their behavior for years. Unlike Porter, however, he has no scruples about harming his subjects for the sake of scientific research. Arrogant, insecure, and fiendishly clever, Gardner longs desperately for fame and admiration for his scientific exploits. When he discovers Tarzan, his scientific ambitions are pushed into overdrive, and he becomes determined to capture and study Tarzan, no matter what the cost.

A prehistoric giant that evolution forgot to send packing with the rest of the dinosaurs, the crocodile is a fierce and gargantuan beast waiting below the surface of the swamp. Driven by nothing but the need to fill his cavernous belly, the crocodile is viciously quick and absolutely ruthless.

COLLECTIBLES

Banana

This is the most common fruit in the jungle. The banana increases Tarzan's health bar by one increment.

Bunch of Bananas

The bunch of bananas increases Tarzan's health bar by 5 increments.

Mask

Collecting a mask will give you a free life!

Spear Bush

This is Tarzan's favorite weapon. To collect the spears, press the  button when Tarzan is facing the bush and is in close proximity. Remember, Tarzan can carry only 5 spears at one time.

Film Reel

Collect as many film reels as possible if you wish to unravel the mystery behind the jungle invaders. Find all 75 film reels and you will be rewarded!

SUPER TRICK MOVES

Only 3 trick moves per sport are available from the start. You can unlock a super trick move by completing all of Terk's Challenges for a given world. There are 3 super trick moves in total, 1 per world.

OTHER PLAYABLE CHARACTERS

Beat all of Terk's Super Challenge High Scores for a given world and you will be rewarded with a new playable character. These characters will only be playable in Terk's Challenge for the Water Ski and River Surfing levels.
